## STEP 1 // VIDEO:

- Watch the Revision Kids video via the link that is provided.

## STEP 2 // ACTIVITY:

- What you need: No supplies needed.
- What you do: Explain that you're going to imagine. Instruct the kids to close their eyes and tell them you're going to name something for them to imagine – like a cat. Ask someone to share a detail they're imagining about the cat – like the cat's color. Guide everyone else to adjust their mental picture to include the detail that was added. For example, you can say something like, "If you were imagining a black cat, adjust the color of your cat in your mind to be a [color name] cat." Ask someone else to share a detail about their mental picture – like a black cat sitting on a chair. The goal of this activity is not to tell a story, but to adjust the mental picture the kids are imagining. Make sure everyone has a chance to add a detail to the picture.
- What you say: That was fun to change the pictures in our heads! You guys used your imaginations so well! Did you know that you can change or adjust the way you think just like you changed the picture in your head? Sometimes, we need to do just that.

## STEP 3 // LESSON:

- What you read: Read Matthew 20:1-15
- What you say: Sometimes, it's hard to focus on what you have and be grateful. In the Bible story today, the workers who were hired in the early morning had a hard time being grateful. They were paid exactly what they were promised, but instead of being grateful for what they had, they complained about what others were given. They definitely needed to adjust their attitude! When you start focusing on what others have, stop, adjust your attitude, and remember to be thankful for the things you have. It's important to thank God for the gifts He has given you and to not compare what God has given you with others.
- What you ask: Can you think of a time when you needed to adjust your attitude to be thankful for what you had? What can you do the next time that happens?

## STEP 4 // PRAY:

- God, thank you for all the gifts you have given us! When we feel like things aren't fair, help us adjust our attitude and give thanks to you for what we do have.
